HEALTH BOARD
LAUDS COUNCIL
FOR MOSQUITO
CONTROL WORK

Gettysburg's board of health praised the mosquito committee of borough council at its regular meeting Wednesday evening in the office of the chairman, Dr. Harrison Harbach, and expressed the hope that the success the council committee has had so far in battling the insect pest will continue.

Reports presented to the board of health Wednesday indicated that the mosquito population of the borough has decreased considerably over previous years and that few citizens of the town have been bothered so far this summer by the winged pests. The board was told that a representative of the organization handling mosquito control for the borough has been present constantly to place oil in the streams and other places in the borough where the pests breed.

The board of health, in its discussion, held that the measures taken over the past several years to spray for the pests, plus the current oiling activities, have been responsible for reducing the mosquito population to a minimum.

Reports Inaction On Tiber

The board voted to bring to the attention of borough council the problem of sewage in the Tiber. Apparently some resident along the streets near the Tiber has connected his toilet to a sewer which empties into the stream flowing through the borough. Health Officer Eugene Sickles reported.

Residents of the North Stratton street area are caused considerable annoyance, Sickles said, by the debris which is carried by the stream to the bend in the stream at North Stratton and Water streets, and deposited there to decompose in an eddy.

The health committee of council has been notified, as has the borough engineer, Sickles said. He added that a promise had been made that the borough engineer would place concrete in all pipes opening into the Tiber to prevent such an occurrence, but that, although the request was made about two months ago, no action has been taken so far.

Conditions Improved

Sickles and others reported that the old buildings listed as a menace to health and safety in the borough some months ago have, with one exception, been torn down. The exception noted was the Dutera tannery on South Washington street. The roof there has collapsed and the south wall is leaning in such a fashion that it is a danger to anyone nearby, Sickles said. He added that conditions in the interior of the deteriorated building are such as to constitute a menace to the health of the neighborhood. He added that council has been notified of this, and that it is up to the borough council to act now.

Sickles also reported that a woodlot near the National cemetery has been cleaned, and Doctor Harbach reported that a pond at Highland park which was considered a health menace has been nearly filled. Only a section along Gettys street is still open, he said.

Doctor Harbach said that conferences with Attorney Richard A. Brown, of the Recreation board, have indicated the desire of the Recreation board to construct comfort stations at the playground. The main difficulty at present is the distance to sewer connections, Doctor Harbach noted, but he added that the Recreation board, following its policy of developing the playground, is making every effort to establish the comfort centers there.

Complaints Acted Upon

Health Officer Sickles revealed that he has received about 25 complaints over the past month concerning "filthy rabbit, chicken and dog pens" in the community. He urged residents who have such pens to keep them cleaned frequently so they will not be a menace to health and a nuisance to neighbors.

"The board of health cannot keep house for everyone," that was the decision reached by the members of the board concerning a problem of lack of sanitation in the home of three elderly recluses on Baltimore street. If the matter reaches a point where it becomes a menace to the health of the neighbors, then the board can step in, it concluded, but in the meantime, the members agreed, the matter is one of landlord-tenant relationship.

A complaint was received from residents of York street concerning the overflow of a barrel containing material from glue operations at the Gettysburg Furniture factories. Health Officer Sickles was delegated to meet with officials of the company to have the situation rectified.

COUNTIANS ARE
ENLISTING IN
ARMED FORCES

William L. Meals, Jr., son of Attorney and Mrs. William L. Meals, East Middle street, and John Aughinbaugh, son of Mr. and Mrs. John Aughinbaugh, also of East Middle street, are enroute to San Antonio, Texas, for basic training in the U.S. Air Force.

The two were accepted for training following physical examination at Harrisburg Tuesday and left immediately for the training camp. Both are graduates of Gettysburg high school. During the past year, Meals has been a student at Gettysburg college. Their enlistments are for four years.

A number of other countians have also enlisted in the Army or Air Force, a report from Sgt. Dick Taylor, of the U.S. Air Force and U.S. Army Recruiting station at Hanover, disclosed.

William H. Berwager, 19, son of Mr. and Mrs. Berwager, Hanover R. 4, has re-enlisted in the Air Force for six years, with his first assignment at Bolling Air Force Base at Washington, D. C. He had previously served a one-year enlistment.

Burnell F. Lawrence, 20, son of Mrs. Claudine Lawrence, Irishtown, a graduate of Delone high school with the class of 1948 and an employee of the Conewago dairy in McSherrystown, enlisted in the Army and will receive his basic training at Fort Knox, Ky.

William L. Hockensmith, 25, of Cannon street, McSherrystown, re-enlisted in the grade of sergeant in the Air Force for six years and went to Bolling Field. He had previously served five years in the Air Force.

Charles A. Sipe, 17, Hanover R. 3, has enlisted in the Army for training as a mechanic and will take his basic training at Fort Knox.

KNOUSE NAMES
NEW P.R. MAN

Appointment of Maxwell D. Bucklew as director of public relations for Knoose Foods has been announced by M. E. Knoose, president. A veteran of 17 years in the public relations field, Mr. Bucklew was graduated from Wittenberg college in 1932. For the following ten years he was associated with Frigidaire division of General Motors Corporation in Dayton, O., editing house organs and performing other public and industrial relations work. While there he won five national awards in the employee publication competition and is a charter member of both the National Industrial Editors' Association and the Ohio Editors' Association.

In 1942, he was named assistant director of public relations for Bendix Radio at Towson, Md., where he remained for one year when he was employed by the Glenn L. Martin company, Baltimore, where he remained as assistant director of public relations until he assumed his new duties at Knoose Foods.

During World War II, Mr. Bucklew served on numerous advisory groups to various government agencies including the industrial publications committee of the Office of War Information and the public relations advisory committee, U. S. Navy.

He has been director of public relations for the All American Amateur Baseball association since 1944 and the Eastern Seaboard and National Water Ski Tournament association for the last two years.

He is affiliated with the American and Baltimore Public Relations councils, Maryland Industrial Marketers, Public Relations committee of the Aircraft Industries Association, National Industrial Advertisers' Association, Essex Chamber of Commerce, Beta Theta Pi fraternity and other organizations.

Mr. and Mrs. Bucklew and son, Bill, plan to make their home in Gettysburg in the near future.

MISS TEETER
TAKES EARLY
LEAD IN QUEEN
CONTEST VOTE

Miss Nancy Teeter, who has the backing of the Gettysburg Woman's club, the Gettysburg Rotary club and John S. Teeter and Sons, took an impressive lead in the first count of Sesqui Queen ballots today, although reports were lacking.

MISS TEETER

from many of the county towns and some candidates have not brought in any votes beyond their initial 1,000 received at nomination.

Harry S. Dorrington, business manager for the Sesqui, urged sponsors to see to it that the ballots are collected from the 17 boxes in all county towns. "A collection is made each Wednesday and Saturday and it is important that all ballots are turned in for each count so that a true picture of the standings can be compiled," he said.

Early Votes Count Most

The importance of this Saturday's count was pointed out today by reason of the fact that August 4 has been designated as a Bonus Day and a 25 per cent bonus will be given each candidate on all ballots deposited in boxes up to that time.

On today's count, Miss Teeter has 240,056 votes. Second high is Doris Smith of Gettysburg with 17,120 votes and Barbara Swisher, also of Gettysburg, is third with 17,060. Caroline Bollinger, Gettysburg, has an even 17,000 and Betty Ann Lippy comes next with 10,600.

The other contestants and their votes to date follow: Mary Jane Svarnas, 6,110; Janet Shetter, 1,690; Helen Steinberger, Fairfield, 1,040; Ruth Ann Swope, 1,040; Joan Coble, 1,010; Doris Hann and Loyse Wiltman, Littlestown, and Elaine R. Taylor, Ardenstville, 1,000 each.

Expect More In Race

There are a number of Sesqui Queen candidates who have not submitted their individual photos to Sesqui headquarters.

A headquarters announcement said today that contest entries are yet expected from McSherrystown and New Oxford.

The next vote count will be made Saturday with the new standings to be announced Monday.

CHURCHES PLAN
ANNUAL PICNIC

The annual joint Sunday school picnic of the Zion Reformed and Trinity Lutheran churches of Ardenstville will be held Wednesday afternoon and evening, August 9, at the South Mountain fair grounds.

Features of the picnic will be softball for the men and women and games for the children in the afternoon and the presentation of a Stewardship movie, "Like a Mighty Army," in the evening. This movie will be preceded by a short movie for the children.

Planning for the event from the Lutheran church are Donald Boserman, Mrs. Catherine Schreckengast, Mrs. Marie Sabo, Ned Walter and Thomas Zeigler. Those from the Reformed church are Roy Tate, Mrs. Charles Starnier and Mrs. Helen Rice.

In charge of the women's softball team are Joyce Longanecker and Anna Hartzell, while the men's team will be headed by Tommy Zeigler and Clifford Hartzell.

Conducting the games will be the following: 3-6 years, Carolyn Taylor and Marie Sabo; 6-9 years, Ruth Trostel and Margaret Starnier; and 9-12 years, Tommy Zeigler and Jane Longanecker.

ON VACATION TRIP

Sydney J. Poppay, manager of the Majestic and Strand theaters, and Mrs. Poppay are spending a vacation in Bar Harbor, Me. They were accompanied by Mrs. Poppay's mother, Mrs. William Diffenderfer, of Quarryville. They will return the latter part of August.

Clearance on beautiful dresses reduced to \$5.00, \$8.00, \$10.00 at The Smart Shoppe, 22 Carlisle Street, Mrs. Walter Reynolds, Prop.

None Injured As
Two Cars Collide

Approximately \$125 damage was done when two cars side-swiped in Ardenstville Wednesday at 1:05 p.m.

According to state police who investigated, Nancy F. Guise, 20, Ardenstville, and Maurice F. Shorb, 29, Fairfield R. 2, were the operators of the machines which collided near the Lutheran church. No one was injured.

SAYS EYES OF
STATE ARE ON
ADAMS SCHOOLS

Adams county is becoming well known throughout Pennsylvania and in neighboring states as a result of its progressive system of education, J. K. Bowman, of the state Department of Public Instruction, told 300 gathered today for the annual Adams County School Directors' convention-picnic at the South Mountain fair grounds near Ardenstville.

"The history of the county's joint-ure operations is known throughout the state," Bowman pointed out. "Adams county has been studied by most of the other counties as joint-ures grow by leaps and bounds throughout Pennsylvania."

"Not only is the county known throughout the state, but mention of the work done here was contained in a recent article in the New York Times. The article concerned the establishment of citizens' councils and support of the school programs. It mentioned the citizens' committee formed by the Upper Adams jointure to lay broad plans for the future development of the school and as an example of the manner in which such councils work."

To Change Setup

Miss Dorothy M. Warner, adviser of special education for the state Department of Public Instruction, reported that the previous system of having one supervisor of special education for both Franklin and Adams county will pass out of existence this year. Some suggestions have been made that Adams county unite with Perry county in securing a special education supervisor, she noted. The state officer however suggested that possibly, a more workable setup would be for the Gettysburg and Hanover districts to join with the Adams county schools and have one supervisor of special education for the two towns and the county.

Adams county is one of the leaders in the home-bound teaching program for handicapped children, Miss Warner said.

Sgt. W. Kurt Duhrkoff, of the local substation of the Pennsylvania State Police, spoke on the new bus law governing the operation of school buses in the state.

Vesper Services
At Fair Grounds

The Rev. Nevin R. Frantz, pastor of the Zion Reformed church, Ardenstville, will present the message at the first of four Vesper services to be held during the four Sunday evenings in August in the Memorial auditorium at the South Mountain Fair grounds and beginning at 7:30 o'clock.

The services are being conducted by the Sixth District of the Adams County Council of Christian Education, Earl Carey, president.

The Rev. Mr. Frantz will be assisted by the Rev. Robert Schiebel, pastor of the Trinity Lutheran church, Ardenstville.

Prof. Charles Yost, Biglerville, will serve as song leader. The Yost family will present special music.

Pauley Says United States
Should Declare War On Reds

Washington, Aug. 3 (P)—Edwin W. Pauley said today he felt in 1946, and still does, that the United States should go to war with Russia if necessary to make her comply with her agreements in Korea.

Pauley, as a special ambassador for President Truman, visited North Korea in 1946. He said he concluded then that the Russians didn't intend ever to get out of Korea.

Today, Pauley was before the Senate Armed Services committee at a general hearing on Korea.

Chairman Tydings (D-Md) had built up Pauley as a "mystery witness" by declining to announce his identity even to committee members until shortly before the hearing.

After Pauley had finished reading a lengthy statement about what he found in 1946, Senator Lyndon Johnson (D-Tex) demanded to know what the point was.

He noted that Pauley said in 1946 that Russia ought to have been forced to comply with her agreements in Korea. Should the United States have gone to war to make the Soviet comply? Johnson asked.

"If you couldn't do anything short of that, that was my recommendation then and is now," Pauley said. But under further questioning, Paul-

500 CHICKENS
DESTROYED IN
FIRE ON TRUCK

Five hundred chickens were burned to death and a truck-trailer destroyed by fire this morning at 7:10 o'clock at the Hilltown intersection with the Lincoln highway near Cashtown.

Paul Rice, 38, Fayetteville R. 1, who was operating the Swift and Company truck, of Chambersburg, told state police he was driving west as the truck caught on fire. He drove off the highway on the left side and when the truck slipped over an embankment it toppled over.

Rice escaped injury but the truck was completely destroyed by flames together with 500 chickens.

A total of 3,552 chickens in 222 crates were loaded on the trailer. The local firemen were able to remove all but 44 of the crates before flames reached the chickens.

The loss of the truck was estimated at between \$6,000 and \$7,000. The Cashtown and Gettysburg fire companies were called to extinguish the blaze.

FIREMEN MAKE
CARNIVAL PLANS
AT AUGUST MEET

Carnival plans formed a large part of the agenda at the August meeting of the Alpha Fire company No. 1, Tuesday evening in the fire hall.

The firemen believe that they will use more current at the carnival next week than the line on the playground will permit, so they appointed Jack Crouse and William Keefe to secure a transformer from the Metropolitan Edison company. Jack Crouse will do the wiring and will secure his own help. George Streiv will secure the necessary lumber for the stands and each committee is responsible for erecting its own stand. Work on erecting the stands will start tonight and be continued Friday night and, if need be, on Saturday afternoon.

President Bernard Selby announced the list of committees for the carnival in addition to those named above: general: Charles W. Snyder, chairman; George Ohler, Dennis Wallick, Harold Sparver, and Bernard Selby; finance: Paul E. Altoff, chairman; Wilbur A. Bankert, "Theron W. Spangler, Monroe Staveland and E. J. Altoff; advertising: Paul E. Altoff; entertainment: Henry E. Waltman and Paul Snyder; book: Levi Hull, Lewis Reaver, Glenn Ohler and Robert L. Snyder; refreshments: Leonard Kerchner, Henry E. Waltman, Gene Renner, Clair Redding, Richard Knipple and the Ladies Auxiliary; fruit stand: Sylvester Krumrine and Bernard Dillman; county store: Melvin Shanbrook, Paul Hollinger, Mervin LeGore and Henry Storm; wheels: Kenneth (Please Turn to Page 2)

REPORTS FIRES, THEFTS

Roy Goldsmith reported to borough police Wednesday that young boys were setting fires on his property on West High street. According to the police call sheet, Goldsmith also reported that the youngsters were stealing. Investigation is being continued by the borough police.

SESQUIPAGEANT
ARE ANNOUNCED

John Sherwood Clubley, pageant master for the Adams County Sesquicentennial historical spectacle, "Freedom's Frontiers," to be presented at 8:30 p.m. August 30 and 31 and September 1 and 2, has announced that the narrators for the pageant will be: Dr. Robert Fortenbaugh, Mrs. Edwin J. Killalea and Joseph L. Rosensteel. The voice of Lincoln will be provided by Fred Pfeffer.

Rehearsals are now underway for the various scenes and episodes with participants being recruited from all over Adams county. Anyone who desires to take part and has not yet been contacted by the various talent committees should contact Mrs. Ruth Wisler, talent chairman, phone 182X or call direct to the Sesqui headquarters in the court house, Phone 563-W.

Girls interested in ballet roles should report any morning of the week at 10:30 o'clock at the Eddie Plank Memorial gymnasium.

Men and women of any age who wish to take part in the Sesqui pageant should report any evening after 7:30 o'clock at the college gymnasium. Many attractive roles remain to be assigned, Mr. Clubley said, but all will be filled as rapidly as possible. Interested persons should report promptly, he added.

Here And There
News Collected At Random

Who'll be Queen of the Sesqui-

centennial celebration? There is considerable interest in that question and it will spread rapidly throughout the county during the next few weeks, especially after the first tabulation of votes is published. This is one feature of the Sesqui program in which every countian can participate. And in doing so you express your preference for the young lady of your choice.

Collier's this week says: "The record for running a classified advertisement the largest number of times was probably made by a former poultry firm in Brockton, Mass. During the existence of the company, from April 13, 1881, to December 31, 1938, it published the same advertisement in every issue of the Brockton Daily Enterprise, or 18,000 consecutive times."

National Newspaper Week will be observed October 1-8. The slogan will be "American Newspapers—Truth to a Free People."

The July sun was boiling down on the wheatfield behind Steele's Tavern, and young Cyrus H. McCormick was sweating, but not from heat. This was the day he had promised to make his "invention" cut grain faster than a man could swing a scythe, and neighbors had come from miles around the Virginia countryside to see him make good his boast. It did not add to his comfort to hear them snickering at the crude appearance of his reaper, and making bets (Please Turn to Page 2)

GILBERTS MARK
ANNIVERSARY

More than 2,000 have visited the Gilbert's Food Market on Franklin street during the second anniversary of the establishment of the new store.

The anniversary which began last week and extends through this week marks the second anniversary of the new store and the 20th anniversary of his establishment of a grocery store on Franklin street, the proprietor, Lloyd Gilbert, said today.

The store was operated for the first 18 years in one room adjoining the rear of a house near Chambersburg street.

Friday and Saturday, as part of the celebration, 20 baskets of food and three door prizes will be awarded.

Two of Gilbert's sons, Richard and George "Ted" Gilbert aid in the operation of the store, which has 15 other employees.

Reports Damage To
His Parked Truck

Harry Aninsman, of Washington, D. C., reported to borough police at 9 o'clock Wednesday night that a truck owned by T. M. Zimmerman company, of Chambersburg, had backed into his car on Chambersburg street and had driven off.

Borough police, who investigated, later found the truck parked on South Stratton street, and left word for the driver to report to police headquarters. Ramabé totalled \$15.

WILMER DRACHA
HEADS COUNTY
FRATERNAL UNIT

Wilmer Dracha, manager of the Albert J. Lentz post of the American Legion, Gettysburg, was elected president of the Adams County Federation of Fraternal and Social Organizations Wednesday evening at the regular meeting of the group in the Lentz Legion post, Baltimore street.

The organization comprises most of the fraternal and veterans organizations of the county. Dracha succeeds Charles Lauver, secretary of the local Moose lodge, to the presidency.

Other officers named at Wednesday's meeting include Monroe Staveland, of the Littlestown Eagles, first vice president; Brook Yantis, McSherrystown Knights of Columbus, second vice president; Edward Loeffel, Littlestown Eagles, treasurer; Arthur J. Roth, Gettysburg VFW, secretary; Bernard Selby, Littlestown Eagles, state delegate; Charles Lauver, Gettysburg Moose, alternate state delegate.

Going To Mount Union

President-elect Dracha named retiring President Lauver as chairman of the legislative committee of the unit.

A regional meeting of the Pennsylvania Federation of Fraternal and Social Organizations will be held August 13 at the Mt. Union American Legion club, Secretary Roth announced.

President Dracha, Secretary Roth, Unit Attorney Donald M. Swope and Legislative Committee Chairman Lauver will attend the Mt. Union session.

The next meeting of the county unit will be held Wednesday, September 6, at the home of the Mason Dixon Memorial Post of the VFW at Littlestown, President Dracha announced.

11 Delegates Named
For Firemen's Meet

Delegates to the Adams County Firemen's convention at Cashtown on Labor Day were appointed at the monthly meeting of the Bonneauville Fire company Tuesday evening in the fire hall. They are Guy Sanders, John Clabaugh, Roy Shanbrook, Gervus Eck, Charles Staub, Francis Staub, James Orndorff, H. N. Gebhart, Leo C. Gebhart, Frederick Golden and John Orndorff.

A "no parking" sign will be purchased and placed on the front of the fire hall. Francis and Raymond Staub were appointed to have new connections and adapters put on the fire hose. Arrangements were made to have the Bonneauville baseball club rent the popcorn machine recently purchased by the fire company.

Reports were heard on the annual picnic held July 22 in Myers' Grove. The picnic was reported a great success. All the picnic committees were dismissed with a vote of appreciation for their services.

The firemen voted to purchase equipment needed to conduct occasional parties. This meeting was in charge of President LeRoy Shanbrook and Joseph Clabaugh gave the secretary's report. The next meeting will be held Tuesday, September 5, at 8:30 p.m.

JAILED FOR 10 DAYS

Gerald R. Ryder, Emmitsburg, and Mervene Rightnour, Gettysburg, have secured a marriage license in Frederick.

CODE VIOLATOR

Melvin H. Sautter, New Oxford R. 1, was recently arrested by Chambersburg police on a charge of speeding within the borough limits.

Korea, Friday, Aug. 4 (P)—Allied troops, for the first time approaching but still inferior to the 10 division strength of the Red invaders, rolled forward for the showdown fight for South Korea today with big Pershing tanks.

Elements of two fresh American divisions—the First Marines and the Army's Second Infantry—joined three other American and five South Korean divisions along the shrinking front.

Frontline predictions were the Marines and Second Infantry troops would be in battle by nightfall.

The lines stretched from the general south coast area of Chnju northward along the winding banks of the Nakdong river. The Allied troops had quietly withdrawn from former positions as much as 18 miles over a three day period.

22-Mile Penetration

A daring U. S. 24th Infantry battalion, on a reconnaissance sweep with five tanks, penetrated 22 miles behind the Communist lines near Chnju Thursday.

It discovered a big enemy buildup for the battle for the plains leading to Pusan, the jammed U. S. port 40 miles east of the front.

The task force then fought its way out of the enemy lines, with some losses, and rescued a regimental command post from destruction by guerrillas. The enemy marauders had filtered eastward in small numbers towards Masan, port city 25 miles west of Pusan.

Don Whitehead, Associated Press correspondent at the front, said the American foray proved the enemy lines could be breached by a hard-hitting tank force.

Captured Documents

Whitehead said the battalion almost reached burning Chnju, penetrating rear elements of the Reds. It was the deepest penetration made yet by an American force into the Red lines and surprised the enemy in a roaring road battle.

The task force ran through machine gun fire all the way out but brought back captured documents, maps and Russian-made equipment. The loot was considered important by intelligence, Whitehead reported.

Four Sherman tanks and four armored cars were abandoned by the Americans as they withdrew to road positions four miles southwest of Chnunjan, about 40 miles west of Pusan.

Most Of Crews Escaped

The Americans pulled out after the Reds had got behind them and cut off the tanks. The Red Koreans stopped the first tank and the last one with immobilizing tactics. The tank crews and most of the armored crews escaped.

The Americans then fanned out to the north and south and fought back to the main U. S. defensive position near Wonbun village, about ten miles northeast of Chnju.

Associated Press Correspondent O. H. P. King quoted Maj. Gen. John E. Church, new 24th Division commander, as saying the daring tank foray was fortunately timed.

RUSS MOVE TO SEAT RED CHINA IN U.N. BLOCKED

Lake Success, Aug. 3 (AP)—The solid opposition of seven nations today doomed Russia's latest move to seat Red China on the security council as part of a peace deal for Korea.

Six countries—Britain, France, Ecuador, Cuba, Norway and Nationalist China—followed the United States' lead yesterday in insisting that the council discuss the Korean question before considering admission of Communist China to the council, and that the two questions be handled separately.

American Chief Delegate Warren R. Austin led the fight to reject any settlement of the Korean question. He declared the U. S. will never agree that the end of North Korean aggression depends on any other issue.

Watching India

Today the third day of debate began today on the procedural tangle (at 2 p.m. EST), council delegates watched with particular interest to see what India would do.

The great Asiatic nation hasn't the power to alter the outcome, but her strategic position in the east gave added significance to whatever stand she takes when her delegate, Sir Benegal N. Rau, speaks today on the agenda proposed by Russian delegate, Jakob A. Malik, the council president for August.

The council is still tangled in debate over what it should discuss, and in what order. Some delegates hoped to get a vote on the question today.

Malik's Program

Malik has insisted on the program he presented:

1. To consider seating the Chinese Communists.
 2. To consider a "peaceful settlement" in Korea.
- In demanding this agenda, he has denounced U. S. military action in Korea as an act of aggression.
- The U. S. is pushing for consideration first of its previously-submitted proposal denouncing North Korea's defiance of the U. N. and asking member nations to help localize the war.

On Both Sides

India in recent weeks has found herself siding with both the United States and Russia on one aspect or another of the Korean question.

India's Prime Minister Jawaharlal Nehru himself initiated the proposal, in notes to Moscow and Washington, to seat Communist China on the security council as a step toward ending the Korean war. The Kremlin approved the plan; the United States rejected it.

Two days ago, India supported Malik's attempt to read the Chinese Nationalists out of the council merely by declaring their delegate was present illegally and represented no nation. The council majority defeated the move.

But India has also gone along with the majority of the security council—and of the United Nations—in supporting the stand that North Korea is an aggressor and that it should pull back to the 38th parallel.

Finally he gave the word. The horse settled down in the traces, and the snickers grew to a roar of laughter as the ungainly flails of the machine started revolving. The laughter died suddenly as the bright grain began falling on the reaper floor as fast as Jo Anderson, the helped, could rake it off in piles. Down the field and back again—once, twice—and then a ragged cheer broke out as the crowd realized they were witnessing a miracle. Young McCormick's reaper was cutting grain four times as fast as the fastest man with a scythe.

That was in 1831. Today, the descendants of this mechanized reaper are the nucleus of the two billion dollar farm machine industry which has made America the greatest agricultural nation on earth.

Recent excavations reveal the ancient Egyptians were mining gold 4,000 years B. C. and many of the mines were so exploited by the luxury-loving kings that not even a single gold crumb remains.

The royal "run" on Egypt's gold mines didn't deplete them entirely, however. Gold mining in Egypt is still a thriving business and one company reports the sieving "from gold" ore sands of 30 tons of minerals a day netting approximately 175 ounces in gold bars.

In the Democratic gubernatorial race, State Representative Kenneth T. Anderson defeated State Senator John A. Potucek.

She Won't Discuss Separation Rumors

Lowell, Ind., Aug. 3 (AP)—Mrs. Winthrop (Bobo) Rockefeller, vacationing with her baby son at the farm home of her mother and stepfather, refused yesterday to discuss the status of her marriage.

It has been reported for several months that the blonde former Barbara Paul Sears, one-time model and "Cinderella girl," and her husband, grandson of the late John D. Rockefeller, had separated.

"Rumors are rumors, you can't stop them," Mrs. Rockefeller told a group of visiting Chicago reporters. "Let people talk. I have nothing more to say about it."

She said Rockefeller was to leave New York soon for a trip to South America "on purely business matters." She married Rockefeller after she divorced Richard Sears, Jr., of Boston in 1947.

Seeking To Exempt Advertising Prices

Washington, Aug. 3 (AP)—Senator Sparkman (D-Ala.) says he will offer an amendment to the administration-drafted economic controls bill now before Congress to exempt newspaper advertising and subscription rates from price control.

Such rates were exempt under the World War II price control law and Sparkman told a reporter lack of any such specific exemption in the pending bill was an oversight. He has instructed bill drafters to include the exemption.

The present draft does, however, specifically exclude newspapers from a section authorizing the President to require the licensing of those who sell commodities under price control.

LANCASTER LIVESTOCK

Lancaster, Pa., Aug. 3 (AP)—Cattle 181, fat steers scarce but market about 50 cents lower than last week; cows 103, light supply, prices fully steady; hogs 259, market shows weaker undertone, prices 75 cents to 1¢ lower than Monday; sheep one, no lambs on the market.

FREE HAND FOR PRESIDENT IS ASKED TODAY

Washington, Aug. 3 (AP)—The government's top economic mobilizer urged today that President Truman be given a free hand in putting any wage-price-rationing controls into effect.

W. Stuart Symington, chairman of the National Security Resources Board, made a special trip to the Capitol to discuss the matter.

He talked behind closed doors with Chairman Maybank (D-S. C.) of the Senate Banking committee.

Maybank told reporters Symington emphasized that any standby plan for imposing wage, price and rationing curbs should let the President decide when or whether they should be used.

Symington declined to discuss the matter with newsmen.

On the other side of the Capitol the House appeared set to give the President powers to control virtually every phase of American life as demands mounted for across the board controls to curb inflation and what is needed in the Korean war, the only question appeared to be the form the Presidential powers would take.

Symington talked with Maybank as the Senate Banking committee resumed discussion of a proposal which would deny the President discretionary authority in putting wage price rationing curbs into effect.

The committee began considering yesterday an automatic device for invoking such curbs when the cost of living reaches a certain point. A formula still is being worked out.

Maybank said Symington did not directly oppose the automatic proposal, but concentrated on the idea of giving the President a free hand.

CARLSON WINS IN KANSAS VOTE

Topeka, Kas., Aug. 3 (AP)—An overwhelming victory for two top figures in the state Republican organization and a setback for Alf M. Landon marked the Kansas primary election.

Gov. Frank Carlson won the Republican Senatorial nomination and Edward F. Arn, former state attorney general, received the GOP nomination for Governor.

Carlson and U. S. Senator Harry Darby, dominant party organization leaders, backed Arn. Landon, the 1936 Republican Presidential nominee, bid for a return to party control by supporting Editor-Rancher Willard Bayberry.

Mayberry trailed by more than 47,000 votes with less than 100 of the state's 2,793 precincts still out.

The Tuesday election also heralded new leadership for the state Democratic organization. Paul Aiken, former assistant postmaster general, won the Democratic Senatorial nomination in a surprise victory over Carl V. Rice, national committeeman.

Carlson defeated Harry W. Colmery, former national commander of the American Legion. Senator Darby, who is filling a vacancy by appointment, did not seek the nomination.

In the Democratic gubernatorial race, State Representative Kenneth T. Anderson defeated State Senator John A. Potucek.

B-29 IN 3RD MAJOR STRIKE

Tokyo, Aug. 3 (AP)—B-29 bombers made their third major strike in five days against North Korean chemical and munitions manufacturing plants today, the Far East Air Force reported.

Today's target was the Bogen chemical plant at Hungnam, on the east coast 118 miles above the 38th parallel. Four hundred tons of bombs were poured down on the factory.

Some bombs were dropped visually. But three-fourths of the bomb loads had to be sighted by radar.

The B-29s struck shortly after noon.

The Bogen plant is only three miles from explosives factory the Far East Air Force said was "almost totally destroyed" by a B-29 strike Sunday. They struck again in the same area Tuesday.

Some flak was encountered over the target.

While the superforts were ranging into Red territory, fighters and light bombers gave close support to ground troops. Among other targets they hit five tanks.

New York, Aug. 3 (AP)—The stock market got stuck in a price rut today. Business faded away and prices changed less than 50 cents a share for the most part. Gains and losses were thoroughly scrambled. Locomotive stocks did a little better than average today, with gains posted to Lima-Hamilton, American Locomotive and Baldwin. These companies are important suppliers of heavy armament.

Showdown Near

(Continued from Page 1)

the newly arrived Second Infantry Division and elements of the First Marine Division were being deployed. The new arrivals in the battle sectors have the heaviest arms yet to be brought into combat on the Allied side.

On the new consolidated front the Americans and South Koreans face the Communists on virtually equal terms in division strength. There were five American divisions and five South Korean divisions facing an estimated nine to 10 North Korean divisions.

Erickson said, however, the United Nations still lacked enough power to embark on any real counter-offensive. He said there would soon be more carrier-based planes to help break up the long supply lines of the Communists now must maintain.

In Nick of Time The correspondent said the Allied withdrawals were skillful. They conserved manpower and denied the Communists an opportunity to attack during the critical time when the reinforcing Second Infantry and First Marine Division elements moved up.

These reinforcements arrived in the nick of time while a dangerous fight was going on along the perimeter around crowded Pusan.

The holding actions of the hard-hit 24th, First Cavalry and the 25th Divisions in the Kumchon-Pusan corridor and the long thin western front bought the needed time for the buildup of Allied forces. It gave commanders time for a deliberate choice of a strong natural defense line.

The Korean Communists can not move faster than their infantry can walk. They are not expected to hit the Allied lines for at least 24 hours.

DEATH

Leo L. Willet, 56, husband of Esther R. Willet, York R. 4, died at 8:55 a.m. Wednesday at York hospital, where he had been a patient since Sunday.

Mr. Willet was employed as a painter at York Corporation, where he was a member of the 25-Year club.

Besides his wife, he is survived by a brother, Paul Willet, Hanover, and four sisters, Mrs. Henry Markel, Mrs. Beulah B. Miller and Mrs. Mary Slagle, all of Hanover, and Mrs. Grace Schraeder, McSherrytown.

Rev. Herman G. Stuempfle, Jr., assistant pastor of St. Matthew's Lutheran church, will conduct funeral services at 2 p.m. Saturday at the Edward W. Baumeister Colonial mortuary, Queen and Jackson streets, in York. Burial in Mt. Rose cemetery.

Japan Editors Have Fired Communists

Tokyo, Aug. 3 (AP)—Japanese publishers have acted in agreement with General MacArthur's views in firing Communists and suspected Communists from their staffs, his top civil information officer said today.

Col. D. R. Nugent issued a statement calling the discharges "timely and courageous."

Publishers discharged 341 in the purge, the Japan Editors and Publishers Association reported. Another 106 employees were dismissed by Japan Broadcasting Corporation.

Nugent noted the publishers' action followed a mid-July warning from MacArthur to Prime Minister Sigeru Yoshida that there was "distinct" danger in the use by communism of the media of public information to propagate its tenets of subversion and violence.

Hanover Legion at Gettysburg.

The unbeaten Hanover Kiwanis team encountered little trouble in downing Gettysburg 12-2 in a Mason-and-Dixon league contest at Hanover Wednesday evening. The win was the 14th straight for the league-leaders. Coach Emert's locals were blanked until the seventh inning when they pushed over a pair of runs.

Littlestown maintained its safe second-place margin by defeating New Windsor 5-1 on the latter's field.

WHITE BLANKS YANKEES 4-0 FOR DETROIT

By JACK HAND
(Associated Press Sports Writer)
Maybe Red Rolfe had a hunch about Hal White. Maybe he was just plain desperate with Art Houtteman on the shelf. But hunch, desperation, luck or shot-in-the-dark, the Detroit manager's move was a touch of genius.

White, an obscure refugee from the bullpen, gave th Tiger's pennant hopes a shot in the arm yesterday with a brilliant two-hit shut-out of New York, 4-0. That's why the Tigers are two games out front in the American league.

The war took something out of Hal. When he came back, he just didn't have it. Four years — four flops. Finally in May of 1949, Rolfe sent White to Toledo — a give-up gesture.

White fought his way back to the majors with a 10-8 record at Toledo. But not as a starter. Last spring, Rolfe had new hopes for White — in the bullpen. However, he got a chance as a starter in late June and early July. After three starts he went back on relief.

Yesterday the 31-year-old right-hander faced only 31 men, Singles by Gene Woodling in the third and Johnny Mize in the fourth marred his no-hit bid. White did a job at the plate, too, driving in what proved to be the winning run with a second-inning single off Allie Reynolds.

Despite Whites fine effort, the Tigers have no relief. The Yankees, clinging to second place by three percentage points, must be faced again this afternoon. And Cleveland, also two games back, becomes a more serious threat each day.

Doby Hits 3
Larry Doby hit three successive homers for the Indians last night as Bob Lemon won his 17th the easy way by an 11-0 score over Washington. Lemon, top winner in the majors, hasn't lost since June 20 and now has nine straight victories.

The Boston Red Sox made it 15 out of 16 over the St. Louis Browns, rallying with three in the ninth for a 9-8 edge. Walt Droppo's single, following a two-run double by Vern Stephens, did the job for the Sox.

Elmer Valo hit for the cycle with a single, double, triple and homer for Philadelphia in a 10-3 win over Chicago.

Emory (Bubba) Church boosted the Phillies' National League lead to 3½ games with a 2-0 decision over Cincinnati's Willard Ramsdell. Church allowed only three hits and drove in the first run with a single in the fourth.

Dodgers Move Up
Brooklyn moved into second place on some timely hitting by Jimmy Russell against his old Pittsburgh mates. Russell, batting right-handed against lefty Bill Werle, hit a two-run homer to tie the score in the ninth. Batting left-handed against right-handed Murry Dickson in the 10th, Russell won the game with a single, 5-4.

Boston's Johnny Sain clicked off his 15th win to hoist the Braves into third place over St. Louis with a 4-3 decision over the Cards. Walker Cooper's pinch single in the eighth scored Sid Gordon with the tie-breaking run off Harry Brecheen.

The New York Giants climbed all over Chicago for a double win, 11-1 and 8-6 despite three homers by the Cubs' Andy Pafko in the second game. The Giants have won 15 of 18 from Chicago this season.

**WOMEN ELECT
4 DELEGATES**
The regular monthly meeting of the Women's Auxiliary of the Francis X. Elder post of the American Legion was held Tuesday evening.

Four delegates decided to attend the state convention to be held in Baltimore, August 16, 17 and 18. They will include: Mrs. Laura Rosensteel, Mrs. Charles Harner, Mrs. Curtis Topper and Mrs. Andrew Shorb.

Miss Ethel Snyder's name was drawn for the door prize but due to her absence it will be \$25.00 the next meeting to be held in September.

The Auxiliary members who wish to join the Blue Cross can do so until August 15. Memberships will not be taken again until March.

Mrs. Francis Hemler, Mrs. Robert Topper, Mary Teresa Topper and Margaret Bouey were new members voted into the Auxiliary. The next meeting will be held on Tuesday, September 5.

**Cycle Races At
Williams Grove**
Williams Grove, Pa., Aug. 3 (AP)—First entry in a large field of riders in a field expected to top the 80-mark for the cycle races sanctioned by the American Motorcycle Association on a half-mile Williams Grove Speedway on Saturday night in connection with the annual Middle States Motorcycle Dealers Association's Gypsy Tour to be staged Saturday and Sunday was received today from Billy Huber, of Reading, one of the leading expert riders in the country.

Huber will be among the star riders in the large field to compete in competitive races for expert, amateur and novice cyclists.

Eastern League
(By The Associated Press)
If Dale Long and Art Schutt keep smashing homers for Binghamton, the Triplets may yet knock Wilkes-Barre from the Eastern league lead.
First Baseman Long smashed number 21 of the year last night as the Triplets downed the Elmira Pioneers, 8-3. The blow tied him with Williamsport's Russ Sullivan for the loop's home run lead. Right-fielder Schutt cracked the very next pitch out of the lot for his 19th of the year. He ranks third in the homer derby.

The Wilkes-Barre Indians ended a Hartford Chiefs' winning streak at five by taking them, 5-3. Albany edged the visiting Scranton Red Sox, 7-6, and the Utica Blue Sox won from Williamsport by the same score, 7-6.

Interstate League
(By The Associated Press)
A pair of right-handers named Dick England and Johnny Walz hurled the pace setting Wilmington Blue Rocks to a double win over runnerup Hagerstown in the Interstate league last night. The two victories put the rampaging Rocks five and a half games ahead of the second place Braves.

England relieved starter Jack Sanford in the third inning of the opener and gave up only three hits in the final four innings to win 5-4. Walz gained his sixth straight win without a loss in going the nine-inning distance in the nightcap, a 2-0 shutout for Wilmington. Johnny fanned nine, walked only two and limited Hagerstown to five scattered singles.

Willie Mays, Trenton centerfielder, stepped up to the plate in the home half of the ninth inning with the bases jammed with giants. Mays promptly lined a single to center, scoring pinch runner Joe Micciche with a tally that gave Trenton a 5-4 win over York.

Despite the win, Trenton dropped seven and a half games behind the Wilmington pace but climbed to within two games of second.

The fourth place Harrisburg Senators downed the fifth place Allentown Cardinals 3-2 as Maynard Butler clouted a two-run homer in the bottom half of the ninth. Maynard went to the plate as a pinch hitter for Harrisburg pitcher Dick Hildebrand.

The surging Sunbury Athletics, who got off to a slow start but are now winning ball games in droves, took two from the Lancaster Red Roses, 5-2 and 2-1. Sunbury now is three and a half games behind Lancaster.

Dollar Day Biggest In History Of

Today's Talk

By GEORGE MATTHEW ADAMS
MEDICINAL SILENCE

Outside of hospitals you see the word—Silence. Anyone in pain or in such a condition that the slightest noise causes pain and irritation of the nerves can appreciate the medicinal value of silence. Doctors and nurses, as well, know how important silence is to a patient.

How simple, therefore, to deduct from this fact that silence to the well and healthy has also a balm and healing quality, even though unrealized. At the hour that this talk is being written there is not a sound to disturb one's quietude of mind. It is the day going to its slumber. Outside my window the lake is like a field of polished glass. Not a leaf is stirring in the tall trees all about. The sun has already gone to its rest beyond the horizon.

There is peace and an atmosphere of reverence where silence reigns. It is as though the soul breathed noiselessly. A little later the stars in their setting will also be evident, and all about them, for endless space, there will be silence. It is comforting to know that the same stars have given forth their beauty all through the expanse of what history we know about.

It was undoubtedly a silent night, with the heavens aglow, that inspired the Psalmist to exclaim: "What is man that Thou art mindful of him?" How small we feel in the midst of vast silence! To sit silently with a friend, whose love we cherish, surpasses all conversation. A dear friend of mine was seriously ill, and one of her household, knowing her great love for riding, walked in one day and set a new, beautiful saddle upon the end of her bed—and, without a word, walked out. How great is the medicine of silence!

How great a revolution in people's minds could be accomplished if each of us could but get the significance of that wonderful sentence in the Bible: "Be still—and know that I am God." Every moment of silence in meditation and prayer is medicine to the soul! It is the only remedy that brings about spiritual health.

Tomorrow Mr. Adams will talk on the subject: "Poetry."

(To be enclosed in box in corner stone of new city hall at Birmingham, Ala.)

THE POET OF THE PEOPLE
I write this little not today
To one a century away.
Who'll wear the name bestowed on me
When I shall long have ceased to be.

'Twill be deep hidden, boxed in stone,
Until one hundred years have flown
When from its prison it is freed
My great, great, great grandchild may read.

Oh, blithe descendant, this my prayer
That you my blood with pride will share
And questioned, happily reply
An ancestor of your was I.

As it has flown my land above,
God grant you freedom's flag to love,
And may it still as precious be
To you as it has been to me.

Before the years this note release
May men have learned the way to peace
We build that better world for you
We hoped for, but we never knew.

BRITISH ARMS PROGRAM TO BE U.S. AIDED PLAN

London, Aug. 3 (AP)—A government informant said today Britain is expected to announce in the next 24 hours plans for launching a vast new rearmament program with American aid.

This information was disclosed shortly after U.S. Ambassador Lewis Douglas visited Prime Minister Attlee for the second time in less than 24 hours.

The United States last week asked Britain—and the other ten partners in the Atlantic pact—what contribution she could make to the western allies' rearmament drive. A reply was asked by August 5.

Attlee reportedly handed Douglas an outline of the British government's plans. They were understood to be under two broad headings—the extra defense burden which Britain can shoulder herself and those she can undertake with American help.

Defense Minister Emanuel Shinwell told the House of Commons last week that new rearmament measures would cost about \$280,000,000 a year over and above the 1950-1951 military appropriation of \$1,184,000,000.

FIREMEN PARADE

Members of the Vigilant Hose company of Emmitsburg participating in the Guardian Hose company parade held in Thurmont Wednesday evening included Aldridge Tokar, Irvin Tokar, John J. Hollinger, John S. Hollinger, Sterling White, Brooke Damouth, Guy Baker, Jr., Roger Adams, Franklin Wastler and Charles Hartdagen.

PLAN SUPPER

On Saturday, August 12 a fried chicken supper will be held at St. Anthony's from 4 to 8 p.m. String music will be furnished by Pete Sharrer's band. There will be bingo, penny wheel, refreshment stands and various amusements. The picnic is held annually for the benefit of St. Anthony's church.

UNESCO Will Meet In Paris

Washington, Aug. 3 (AP)—State Department officials expect the executive board of UNESCO to hold an emergency session in Paris soon and express strong support for the United Nations military campaign against communist aggression in Korea.

UNESCO is the United Nations Economic and Social Council.

The practical effect of the expected Paris action, authorities here said, will be to open a new front in the propaganda struggle with Russia. This has been waged with increasing intensity since the first days of the Korean crisis.

Russia's propaganda line is exactly contrary to the position taken by the United Nations Security Council. The council has held that the Korean communists launched an unprovoked attack on South Korea. Russia contends that South Korea, at American instigation, started the fighting.

While American officials say that no well-informed persons—including the men in the Kremlin—can have any doubt as to the correct version of what happened. The problem from a propaganda viewpoint is to get the true facts across to as many millions of people as possible who are not well informed.

In tackling this problem they expect UNESCO to play a major role, since it is composed of educators and other leaders of thought in 59 member countries.

New York, Aug. 3 (AP)—Russia continued her boycott of the U.N.'s big five military staff committee today despite her return to the Security Council Tuesday.

Soviet Maj. Gen. Ivan A. Sklarov is chairman of the committee for August, under the normal rotation system, but he failed to show up when the other four members met for their regular fortnightly session.

U. S. MUST USE WORLD WAR II TANKS IN KOREA

Washington, Aug. 3 (AP)—American troops will have to fight the holding phase of the Korean campaign with World War II tanks, some of them improved since 1945.

They may get some really new tanks by the time the embattled Eighth Army can shift from the defensive and start the long way back to the 38th parallel.

This is the substance of what Congressional watchdog committees will hear when the Army is called up to explain how the Korean crisis caught the United States in the transition period between old and genuinely new armor.

Gen. J. Lawton Collins, Army Chief of Staff, stated in a speech on February 27 that "except for prototypes we have not purchased a single new tank since the end of the war."

New Models Appear
Since February, the Army is known to have placed an order for a limited production of the new light tank, known as T-41. It is these tanks that could be produced in sufficient numbers to play a part in future phases of the Korean war.

In the meantime, American troops battling in Korea are setting more

and better tanks than they started with one month ago. Pictures have been published showing General Pershing type tanks moving to the Korean battlefield. The Pershings are a considerable improvement over the older and less maneuverable tanks that accompanied the first U. S. units from Japan to Korea.

The Pershing, a 47½-ton vehicle mounting a 90-mm rifle, forms the backbone of U. S. Army armored battalions. Two years ago the Army started producing a better Pershing which it christened the General Patton. A few of this latter type are believed to be in Korea or on their way there. The Patton is so built that it can be turned quickly and is generally described as a more useful vehicle on bad ground.

Early in the Korean war, press and unofficial reports said the North Koreans were using 50 to 60-ton Russian-type tanks. The Army has never been able to confirm the appearance of anything bigger or newer than the Russian 30-ton T-34.

Scranton, Pa., Aug. 3 (AP)—Attorney Edward J. Kelly, president of the Lackawanna County Bar association and one of the most prominent lawyers in this end of the state, died today in Robert Packer hospital, Sayre, where he underwent an operation Saturday. Kelly, who was 62, had practiced law here since 1910 and was serving his second term as bar president. His home was in Scranton and he is survived by his widow and four children.

Hackensack, N. J., Aug. 3 (AP)—Approximately half of the state's estimated 6,000 gas stations will be shut

down Tuesday and possibly for the balance of the week, a gasoline retailers' spokesman said today.

John J. Dressler, president of the New Jersey Gasoline Retailers' association, said the 3,000 members of

his association would close down Tuesday to attend a mass meeting in Trenton.

Customer's Corner

Every housewife who wants to get the most good food for her money should ask herself these questions about her food store:

Are prices low on all items every day in the week?

Is the price plainly marked on each item?

Is the quality high?

The answer should always be "yes" at A&P. If it isn't we want to know about it.

MUCH DEBATE SLOWS ACTION IN CONGRESS

By JAMES MARLOW

Washington, Aug. 3 (AP)—Because everybody there has a right to put in his two cents worth—and does—Congress is usually pretty slow-moving and awkward.

About the middle of July, after we saw we were up to our necks in Korea and in poor military shape, it was generally known, President Truman would ask for controls to stop inflation and pay for re-arming. He sent his message to Congress, asking for those controls, on July 19. The message asked for higher taxes, control on credit and real estate deals, and power for the government to have first crack at scarce materials and to say what firms would have to do defense work.

Kunkel Put Bill In
Just after the message reached Congress, a couple of the leaders of President Truman's Democrats in Congress dumped a couple of bills into the Capitol to carry out the President's request.

But many people throughout the country, once they saw the President's request, thought he didn't go far enough. They called for Congress to pass controls on prices, wages and rents.

Bernard Baruch, who has had a lot of experience with government controls, told Congress the same thing. Almost at once a mood swept over Congress to give Mr. Truman more than he had asked, to give him price and wage and rent controls.

Then Rep. Kunkel, Pennsylvania Republican, offered a bill in the House that would give the government not only much of what the President asked but price and wage controls too. The House began to debate all this on Tuesday.

Rush New Bill
This week President Truman said he'd be satisfied if Congress gave him power to control prices and wages. But, he said, these controls are not needed immediately. So he said he thought stand-by authority to use the controls would be enough.

And yesterday some of his Democratic lieutenants in Congress introduced another bill, to take the place of the first one they had offered.

This bill must have been prepared in an awful rush. For one thing, six lines were dropped out of it. And—many members of the House said they hadn't even had a chance to read it. They said they couldn't vote on it until they knew precisely what powers it gave the President. So there'll be more debate today and tomorrow.

Meanwhile, a Senate committee was considering similar bills. This committee will have to agree on some kind of control bill before it goes up to the full Senate for action.

Dilworth Campaigns Thru GOP Territory

Forest City, Pa., Aug. 3 (AP)—Richardson Dilworth, Democratic candidate for Governor, continued his campaign through Republican territory today assailing Gov. James H. Duff and John S. Fine for criticizing the Democratic National ad-

ARAB WATCHMAN SETS HUGE FIRE

Cairo, Egypt, Aug. 3 (AP)—An Arab watchman sat down to brew a pot of tea at a big fuel storage dump at Jeddah, Saudi Arabia, last Friday. He lit his little fire and 50,000 drums of aviation gasoline, kerosene, benzene and motor fuel were added to the blaze.

The Shell Oil company and the Socony Vacuum Oil company estimated the loss at several hundred thousand dollars.

The report, which reached here only today, said the watchman was careless and not a saboteur.

Duff Reviews Troops At Camp Perry, O.

Camp Perry, Ohio, Aug. 3 (AP)—Having put on their best bib and tucker for Gov. James H. Duff, the 51st AAA Brigade of the Pennsylvania National Guard returned to training routine today. The governor was the guest of the brigade yesterday along with a group of Honorary First Defenders (HFD) from Allentown and Bethlehem, Pa.

The HFD is a group of business and civic leaders interested in the welfare of the Keystone state guardsmen. The group contributes prizes and recreational facilities for the guardsmen.

Gov. Duff was accompanied on an inspection of the encampment by Brig. Gen. Richard Mellon, of Pittsburgh, deputy auditor general of Pennsylvania.

The governor and Gen. Charles C. Curtis, commander of the unit, awarded four battle streamers earned by the brigade during the last World War.

OIL PIPE SHORTAGE
Bradford, Pa., Aug. 3 (AP)—A pipe shortage is hampering petroleum production, local oil men contended today. Raymond J. Cooper, vice president of Bradford Supply company, predicted a return to wartime priorities if the situation continues.

He said the shortage was developing before the Korean war because of heavy demands for transcontinental gas transmission lines and opening of new gas fields.

ministration defense policies. Duff is the GOP candidate for U. S. Senator opposing incumbent Democrat Francis J. Myers. Fine, former State Superior court judge, is seeking the governorship.

Dilworth's street-corner address this morning was a continuation of the tactics he has used since he started his 14-week campaign three days ago. He again charged that Duff failed to organize the state for effective participation in the national defense effort.

The Philadelphia city treasurer is traveling today in Susquehanna, Wyoming and Sullivan counties, all predominantly GOP strongholds. Yesterday he stumped through Monroe, Pike and Wayne counties.

NOTES ON LATE POTATO GROWING

There is an old saying among experienced potato growers that "August makes or breaks the late potato crop." Translated into terms of action, this means that growers, the home gardener as well as the commercial producer, must help late potatoes through the trying days of August and even into early September. What are these late summer "helps?"

As frequently mentioned in this column, all plant nutrients, the materials from which leaves, stems, roots and other parts of a plant are built, are manufactured in the leaves from soil and air elements. Each leaf is truly a small manufacturing unit. Therefore, the potato grower's first and, in fact, his only task, is to keep the plant leaves thriving until the tubers have been nourished to maximum number, size, and quality.

Among the unnatural conditions late potatoes encounter in late summer is weather that is hotter than the potato is by inheritance able to bear. Potatoes are cool-weather plants. They must be helped to overcome the evils of excessively hot periods. One of the best ways to supply this aid is to spray regularly with Bordeaux mixture. There is an actual cooling effect in this fungicide besides its action in preventing certain common fungous diseases like late blight.

Too, a consistent program of spraying late potatoes with Bordeaux mixture repels leafhoppers, the active insects which are largely responsible for causing hopperburn—a condition (not an actual disease) resulting from these insects robbing the leaves of sap and at the same time introducing a somewhat strange toxic property.

THE BATTLEFIELD SWIMMING POOL

(Located 1 Mile South on the Baltimore Pike)

Wishes To Announce that on July 28, 1950 the State Health Department made a routine inspection of the pool and premises and found the following conditions to exist:

| | |
|-------------------|--------------|
| Chlorine Test | 0.2 |
| Phenol Red | 7.2 |
| Wallace & Tiernau | Satisfactory |
| Chlorinator | Clean |
| Premises | Clean |

The above facts, tests, and figures indicate the pool to be in fine condition and the surrounding premises to be satisfactory and clean.

Calcium arsenate may be added to one or more of the Bordeaux mixture applications when Colorado beetles or flea beetles are present, preferably at the rate of 2 pounds to 50 gallons of spray or 8 level tablespoons to 2½ gallons. A 5-5-50 strength of Bordeaux mixture was formerly advised for potato spraying, but in the last few years many successful commercial growers are using a 5-2½-50 or a 5-3-50 strength. To make a 5-2½-50 strength requires 5 pounds of lime, 2½ pounds of copper sulfate, and 50 gallons of water.

Indiantown Gap Calls Screened

Indiantown Gap, Pa., Aug. 3 (AP)—Telephone calls to and from the 28th division encampment here were being screened at the camp switchboards today to make certain that all emergency and priority calls get through without delay.

The action was ordered as the result of a flood of calls between National Guardsmen and their relatives following announcement that the 28th division will be called to active duty with the Army.

So many calls were received that the switchboards became jammed and long delays were encountered in

Police New York, Aug. 3 (AP)—Two thousand left-wing "peace" marchers, banned from staging a Union Square rally, battled 1,000 police late yesterday in fist-flying brawls that led to 13 arrests. The demonstrators waited until the home-going rush hour to make their defiant move. "We want peace—open up the square," the marchers chanted as they suddenly formed ranks among the throngs going home from work. Union Square—a mile and a half south of Times Square—is the traditional scene of New York soap box oratory. When the mounted police bore down on the demonstrators they shouted "cossack." The mounted policemen rode their horses onto sidewalks. Fist fights broke out. Several injuries were reported and at least one window was smashed. Report Cooke Sought For Finance Group Philadelphia, Aug. 3 (AP)—Philip T. Sharples, chairman of the State Republican Finance committee, to day was reported trying to persuade Jay Cooke, defeated gubernatorial candidate, to serve on the finance committee. A source close to the Philadelphia banker, who lost the nomination to John S. Pine, reported that Cooke has demanded re-employment of some 40 of his backers fired from state jobs by Governor James H. Duff during the primary before he would consider the finance committee post. Recently Duff and Cooke held a conference on the subject. Cooke's friends say the banker did not get any definite guarantees. DOG ANNOYED RESIDENTS Borough police were called by residents of East Lincoln avenue Wednesday night at 11:25 to quiet the barking of a dog owned by Walter "Bucky" Harris and tied in rear of the home of Henry T. Bream, North Stratton street. |

EUROPE HEADS SET STAGE FOR SECOND SESSION

Strasbourg, France, Aug. 3 (AP)—Statesmen from the far corners of democratic Europe met here today to set the stage for the European consultative assembly's second session.

The foreign ministers—or their deputies—from 13 countries gathered to draft the agenda for the unofficial European Parliament which opens next Monday.

The ministers, under the chairmanship of Ireland's Sean MacBride will write the keynote message listing topics to be discussed in the assembly's four-week session. Recommendations made by the assembly are returned to the foreign ministers for transmission to the member government.

The assembly is scheduled to meet in a new headquarters building called the palace of Europe. Hundreds of workmen are rushing to complete it.

To Study Plans

France's revolutionary proposal for a pool of western Europe's coal and steel production—the Schuman plan—is sure of a place on the assembly's order of business. The only question was whether the ministers would formally request the assembly's advice or wait for the issue to be raised on the floor.

France also wants ministers to ask the assembly's views on a proposal to extend the idea to other basic industries.

Italy's Count Carlo Sforza is backing a move to guarantee the

civil rights of nationals of one country resident in another. The step is obviously intended to benefit the large numbers of Italians living and working in France and other countries.

Ireland wants the ministers to submit two proposals to the assembly. One would avoid double taxation of Europeans working in a country other than their own. The other would standardize civil court procedure.

500 WALK OUT
 Pittsburgh, Aug. 3 (AP)—About 500 workers at Westinghouse Electric corporation's East Pittsburgh works walked out today in a grievance dispute involving 18 workers in their division. Officials of the CIO International Union of Electric Workers said the workers were asked to do work for which they would not be paid. They contend the company refused to answer or acknowledge the grievance.

The 1950 Michigan State track team smashed 12 varsity records during the season, seven indoor and five outdoor.

BELGIAN KING'S DECISION HELD BEST FOR NATION

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

The king of the Belgians has made a rash gamble with fate—and lost. Leopold's dogged insistence on retaining his throne, in the face of fierce popular opposition, all but plunged his nation into civil strife before he reluctantly gave way to horse sense.

Even now there is no certainty that he has acted soon enough. His people, and an anxious outside world, can only hope he has and that calm may return to his troubled land.

Standing on the edge of the precipice the king has given a promise which his subjects, eager for peace, choose to interpret as satisfactory, although there may be an "if" in it. He has agreed to the transfer of his powers to Crown Prince Baudouin, and also implies that he himself will abdicate when his son reaches his majority in 1951—if the three political parties then still support the prince.

No Divine Rights

As one has watched this drama unfold it has been given to wonder whether the king of the Belgians had forgotten that the day is past when kings rule by "divine right."

The late Kaiser Wilhelm of Germany was one of the last of the great monarchs to insist on this status.

I hasten to add that no invidious comparison between Leopold and the Kaiser is intended. The point is that under constitutional monarchies, like the Belgian, the king rules by will of the people. He is a part of the structure of government, placed there by popular wish. There is no question of divine right.

So Leopold has been right in withdrawing from the picture. The pity is that he didn't see the light sooner.

His Patriotic Duty

The Belgian crisis of course has been far more than a national affair. It has been a matter of concern to all the western powers which are standing against communism. Belgium is an important part of the Atlantic Pact which has been created for the defense of western Europe. Apropos of this the London Times observes:

"The statement announcing the king's decision places it firmly upon right, simple and sufficient grounds. It was clear that the king could not be king of all the Belgians. He has therefore acted with the over-riding concern of assuring Belgian unity at a time when, he says, the international situation more than ever needs that unity to be reinforced."

"The nations that stand beside Belgium in the larger crisis to which he alludes will be grateful to King Leopold for thus recognizing the peculiar danger of the civil faction at this time. He has perhaps done no more than his patriotic duty, but also he has done no less."

"That seems to sum up the position succinctly. His Majesty has failed to achieve his personal ambition, but his final decision to withdraw should work out to the good of his country."

Sawtooth line following course of the winding Naktong river would be the next major defense line for American troops if Korean Communist pressure continues to push them back. The Naktong already is a defense line for the South Koreans where it winds across the northern front running westward from Andong. Six North Korean divisions are reported on this front. Black arrows indicate heaviest Communist pressure with open arrows designating heaviest concentrations of defending troops.

AUGUST 28 IS 1ST DRAFT DATE

Harrisburg, Aug. 3 (P)—State Selective Service headquarters today fixed August 28 for the first induction of Pennsylvania youths into the armed forces since revival of the draft in the Korean war crisis.

Lt. Col. Henry M. Gross, state selective service director, said the inductions will fill a 3,503 quota for the Keystone state in September.

Pre-induction physical examinations started last week at six examination centers throughout the state.

The 175 local draft boards in Pennsylvania, Gross said, will receive their local draft quotas on Friday. The figures, however, he said, will be made public next Monday.

Young men 19 through 25

years are subject to the draft.

Gross also said the proportion of men passing physical examinations has been "very satisfactory." He added that the ratio of successful eligibles is far higher than for World War Two.

There has been no disclosure on where the draftees will report for actual induction into the army, or where they will take basic training.

Philadelphia, Aug. 3 (P)—A two-week dry spell ended today with a pouring rain that drenched the city and nearby areas in southeastern Pennsylvania and southern New Jersey. Total precipitation from midnight to noon exceeded two inches, and the weather bureau said a total of more than three inches was expected before the rain stops.

Ten of Rensselaer Polytechnic Institute's varsity lettermen during the past year also won membership in Sigma Xi, national honorary scientific research society.

TAXES MAY CUT HIGH PROFITS

New York, Aug. 3 (P)—American corporations are making money faster than ever before, but new war taxes may cut back the 1950 total to well below record size.

A compilation by the Associated Press of earnings of 450 corporations in virtually every field of business shows profits were 43 per cent higher in the second quarter of 1950 than in the same period last year.

The year 1948 stands as the record-breaker for corporate earnings, and 1949 was only slightly below. Thus the second quarter this year is running well ahead of the 1948 record.

Higher corporate taxes for defense needs plus an excess profits tax would cut back 1950 earnings considerably below the 1948 record. Earnings also would be held down by rationing and price fixing.

The 43 per cent jump in second quarter profits to \$1,625,040,257 brought earnings of these 450 corporations for the first six months to \$2,865,306,259. That is a gain of 24 per cent over the first six months of 1949.

There are three points to keep in mind when looking at the profits picture:

1. All this money was earned before the Korean war started.
2. It shows a remarkable recovery from the let-down earlier in the year during a period of strikes and price reductions.
3. The profits look bigger by comparison with the first half of 1949 when a recession was taking hold of the economy.

28TH DIVISION BUILT RECORD THRU 8 WARS

Philadelphia, Aug. 3 (AP)—One of America's most colorful, fightingest soldier divisions, Pennsylvania's famed 28th Infantry, has fought in eight wars.

The federal government again yesterday ordered the Keystone state's National Guard unit into active service in view of the Korean war crisis. And in about 30 days some 10,000 men and officers will start training at the Army's Camp Atterbury in Indiana.

Men of the 28th played heroic roles in World Wars I and II on the battlefields of France and Germany. In World War I it was known as the "Iron Division"; in the last major conflict—"The Bloody Bucket Division," so named because of the solid red Keystone patch on the shoulder of the uniform.

Over 200 Years Old
Units of the division also fought in the Revolutionary War, the War of 1812, the Mexican War, the Spanish-American War, and the Philippine Insurrection.

The Pennsylvania National Guard, of which the 28th is the major component, is more than 200 years old. Its formation date is officially listed as November 21, 1747.

Actually, the 28th, as now comprised was formed in August, 1917. It was organized from the National Guard and the division's Company K was the first American combat unit to land in France in World War I.

In the first world war the Pennsylvanians defeated Germany's crack 28th Division, fought at Champagne, Champagne-Marne, Aisne-Marne, Oise-Aisne, Lorraine and the Meuse-Argonne.

Saw Heavy Losses
Its casualties were high—2,551 officers and men killed and 11,429 wounded.

In World War II the division's loss was more than 3,100 killed and missing with some 22,000 wounded. In World War II with General Patton's Third Army, the 28th was named the Bloody Bucket Division by the Nazis who mistook the Keystone state shoulder patch for such a symbol. The 28th fought in many of Europe's major battles—the liberation of Paris, Hurtgen Forest, Colmar Pocket, the Battle of the Bulge. It was the first American division to invade Germany in force.

FATHER, SON KILLED

Reading, Pa., Aug. 3 (AP)—A motorcycle and automobile collided on the Philadelphia pike near Reading last night, killing a 45-year-old man and his seven-year-old son. Police identified the victims, both riding the motorcycle, as Joseph Pizzuto and his son Joseph, Jr., of Reading. The boy died immediately and the father an hour later in St. Joseph's hospital.

During a terrific surge in June, Ted Kinszowski hit .370 for Cincinnati. The big Red first baseman had a streak during which he made 30 hits in 81 trips to the plate.

Good Secretary Is "Partner With Boss"

Lancaster, Pa., Aug. 3 (AP)—A good secretary is a partner with the boss, says the nation's No. 1 secretary.

"This means," Mrs. Catherine A. Baltasser said yesterday, "learning the business as an assistant to the boss in a total program. The united teamwork of the boss and secretary is the cornerstone of good office practice."

Mrs. Baltasser, secretary of District Attorney John M. Ratock and chosen "secretary of the year" by the National Secretaries Association, said she considers the private secretary field one of the biggest for career women today.

But, she added, "Remember to be on the lookout for ways to be more efficient. Don't be afraid to exchange ideas with your boss. It not only increases the value of your job, but

BRITISH TO GIVE WARMEMENTS

New York, Aug. 3 (AP)—Mementos from 43 of the 50 American destroyers lend-leased to Britain in 1940 will be given to the American communities for which the ships were renamed, the British government announced yesterday.

The mementos, a symbolic gesture of British gratitude, will consist of the ships' bells, badges and logbooks.

Tokens from one of the other seven destroyers are to be presented to the Roosevelt Memorial Library at Hyde Park, N. Y. They will come from the vessel renamed H.M.S. Churchill in honor of Britain's war-

making steady prices, but little buyer interest noted early and few bids made are 1.4-1.5. No early sales; asking steady to higher on lambs and ewes.

time prime minister.

At the time they were transferred to Britain, 43 of the 50 craft were renamed after towns or cities common to Britain and the U. S. Six of the others were renamed for American-Canadian rivers and the seventh for Churchill. The ships are now being scrapped.

Since some of the town names chosen exist in more than one state, the British have decided to send the mementos to those with the largest population. American communities slated to get the souvenirs include: Bradford, Burnham, Lancaster, Reading, St. Mary's and Campbelltown, Pa.

Brooklyn, Aug. 3 (AP)—Brooklyn took over a berth in the American Pro Football league Wednesday, replacing Wilmington, Del., which will not field a team this year.

Wilmington, however, retains its franchise and is expected to compete again next season. Other teams

ACHESON FIGHTS SPANISH LOAN

Washington, August 3 (AP)—Secretary of State Acheson is opposed to the Senate's \$100,000,000 Spanish loan "rider" to a pending ECA appropriation.

He told a news conference there were adequate funds for any justified Spanish loan available in the export-import bank.

He also said that the state department had met with no success in efforts in recent months to persuade Spain to adopt a more democratic government.

The Senate on Tuesday added to legislation appropriating funds for European recovery a clause saying a \$100,000,000 loan should be made to Spain through the export-import bank.

Senator McCarran (D-Nev.) had proposed cutting Spain in for \$100,000,000 of Marshall plan funds. Skirting that, the Senate voted for the export-import bank plan.

Acheson recalled to his news conference that the State department

had opposed McCarran's plan in the past.

Though he did not phrase it that way, Acheson's attitude appeared to be this in short: He feels any loan to Spain ought to be handled in the regular way; that Congress ought not to tie the hands of government agencies in negotiations with Spain by directly ordering a loan.

Injured Pilot Dies In Muncy Hospital

Muncy, Pa., Aug. 3 (AP)—Injuries in an airplane crash Tuesday proved fatal to James Baker, resident of this Lycoming county community. Baker was cutting a cornfield on a firm near here against beetles when his small sprayer-type plane hit a high tension wire, flipped over and caught fire.

The pilot died yesterday in Muncy Valley hospital here as an investigation of the crash continued.

A Civil Aeronautics Board officer and Cpl. Earl S. Moore, aeronautical inspector with the Montoursville State police, are conducting the probe.

Charge Manslaughter In Fatal Boat Crash

Lancaster, Pa., Aug. 3 (AP)—A charge of involuntary manslaughter was placed yesterday against William Jackson, of Lancaster, in the motor boat death of a Reading man last Sunday.

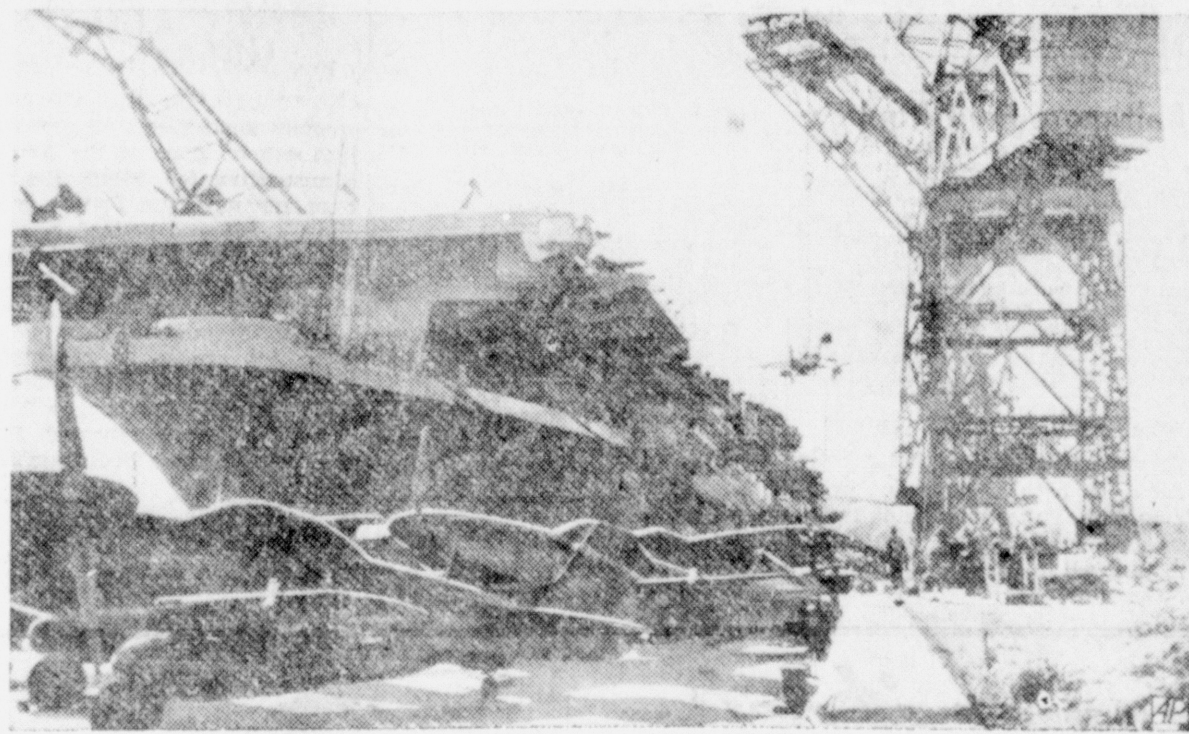

Howard S. Cupp, Sr., was injured fatally when his small outboard motor boat collided with Jackson's larger inboard craft on the Susquehanna river at Peques.

The involuntary manslaughter charge was preferred against Jackson by State Police Corp. James E. Kane before Alderman J. Edward Wetzel.

Cupp's wife and daughter-in-law were injured in the crash. Dr. Charles P. Stahr, deputy coroner, said Cupp's legs were mutilated in the collision. He said before he could be taken to St. Joseph's hospital at Lancaster.

The Navajo Indian tribe of Arizona and New Mexico numbers more than 50,000.

Only nine members of the Detroit Tigers, exclusive of pitchers, were with the team in 1948.

Air Force Mustang P-51 planes are unloaded from an Essex type carrier at a Japanese naval base after a record trip from the U. S. Badly needed at the Korean front, the planes reached the base from San Francisco in 8 days, 7 hours, described as fastest non-stop surface crossing of the Pacific in history.

Harrisburg, Aug. 3 (AP)—Top aides Grundy will help write the Republican party's platform for the November election campaign. The membership of the Platform

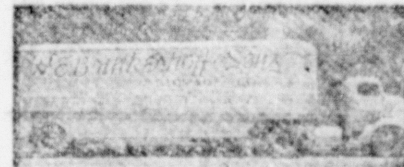

committee, announced on Tuesday, contained the names of U. S. Senator Edward Martin and G. Mason Owlett, Republican National committeeman. Grundy, along with Martin and Owlett supported U. S. Rep. John C. Kunkel, for U. S. Senator, and Jay Cooke, for Governor, in the bitter May primary.

Jim Bolger, 18-year-old rookie outfielder with Cincinnati, is the 1,000th Red in the history of the team.

Lansford, Pa., Aug. 3 (AP)—Richardson Dilworth, Democratic candidate for governor, said Gov. James H. Duff "has a lot of nerve assailing the Democrats for the lack of preparedness in Korea." "If Duff's hero, Senator Taft, had his way there would not have been even an extension of the Marshall Plan," Dilworth told an audience at the Lansford ball park Tuesday night.

STATE TAX BD. STRIKES FIRST LEGAL BLOCK

Harrisburg, August 3 (AP)—The State Tax Equalization board, the agency which helps to determine state school subsidies, ran into its first legal roadblock today.

The board went into Dauphin County court to face a charge by the Glen Alden Coal Co., of Scranton, that its market valuation fixed for real estate in Newport township, Luzerne county, was too high.

The argument revolved around the question of whether the court had jurisdiction to review the market valuation the board places upon real estate. The board maintains the court does not have this right.

The tax board was set up by the legislature to fix market values on real estate in local school districts. Such valuations are then used by the Department of Public Instruction to determine the amount of school subsidy a school district should receive.

School Funds Hit
The coal company, in its suit, maintained that the \$29,594,476 valuation fixed for Newport township for 1949 was too high and it asked that the suit be scaled down. It said that the valuation should have been closer to \$12,000,000.

As a result, the suit asserted, the township stands to get only a subsidy of \$116,467 for the 1949-50 school year, a loss of some \$58,000 under what it should get if the tax board had scaled down its valuation.

Under the system used to compute

school subsidies, the size of the subsidy is determined to a large extent by the market valuation of a school district's real estate. As a general rule, the larger the market valuation figure the smaller the subsidy, and the smaller the market valuation the larger the subsidy.

Have Been At Lower Figure
The school district has been assessing coal lands and other real estate at \$9,763,615, or at a rate of about 33 percent of actual or market value.

The suit at the same time as-

SEES HUGE COST FOR NEXT WAR

Washington, Aug. 3 (AP)—Another world war lasting four years would cost a minimum of \$600,000,000,000, says Sen. Edward Martin (R-Pa.).

In announcing his support of the Byrd-Bridges amendment to the general appropriations bill, Senator Martin said: "World War I cost \$25,000,000,000 and World War II cost \$356,000,000,000. . . . If World War III should continue for four years, it would cost a minimum of \$600,000,000,000."

"How do I arrive at this conclusion?" he asked. "I arrived at this conclusion that coal lands in the township are now assessed for county tax purposes at 100 per cent of the market value while other property is assessed at only about 33 1/3 per cent of the market value."

If this stated discrepancy was adjusted to conform with the constitutional requirement that all tax levies be uniform, the tax rate against coal lands would apparently have to be reduced some two-thirds. This would require a proportionately higher tax millage in the township to make up this deficiency if tax revenues are to be maintained at current levels.

sion? In World War II the maintenance of a soldier cost \$1,900 a year—it now costs \$4,000. A fighter plane which formerly cost \$100,000 now costs \$150,000. In World War II the cost of an aircraft carrier was \$65,000,000—now it is twice that amount."

That cost will have to be met of necessity, Senator Martin said, but much of the burden can be absorbed by government economies in non-defense spending.

"We must hold the line against non-essential government expenditures without regard for political consequences," the Pennsylvania said.

"We must make substantial cuts even though some desirable services may be curtailed or eliminated. We must have the courage to say 'no' to every pressure group which place selfish advantage above the national interest."

The Indianapolis Clowns won the first half Eastern division title in the Negro American Baseball league while the Kansas City Monarchs won the Western section.

BARUCH GETS RESULTS ON WAR PLANNING

By JAMES MARLOW

Washington, Aug. 3 (AP)—Old Bernard Baruch lit a firecracker under Congress and the President. The result: Congress probably will give President Truman power to freeze prices and wages.

If you looked at the lean face of the 80-year-old Baruch, who's been an economic adviser to Presidents, you'd guess he was shrewd enough with money to be rich, which he is.

He came down to Washington last week and spoke his piece to Congress. In effect, what he said was "Don't play around, don't take chances, don't use half-way measures."

After we got into the Korean fighting, President Truman asked Congress to do some things to help pay for re-arming and stop inflation.

Some Divided Thinking

He asked for higher taxes, government controls on buying-things-on-time, and enough government control over industry to say what firms could use what materials, and who could have them first.

This fell far short of asking for all-out controls, which would have to include controls over prices and wages. The President said he doesn't think they're needed now. He said he'd ask for them, if and when.

Even so, what the President asked for was too much for Senator Taft, Ohio Republican, and those who follow his line of thinking. Taft said the President wanted too much power in the controls he mentioned.

"Let's Go All the Way"

This sort of divided thinking around here until last week when Baruch arrived on the scene. And what he told Congress went like this:

"This is no time for business as usual or the middle of the road. If we're getting ready for war—if it comes—let's go all the way. If we fiddle around and let prices and wages get out of hand, we'll ruin the economy."

Almost at once the feeling began to change. More and more Congressmen began to take up the Baruch line. And finally yesterday President Truman told Congress in effect:

"Okay, if you want to give me power to freeze prices and wages, go ahead. But don't do it in such a way that I'll have to start freezing them at once. Do it this way: Pass a law saying I can put in price and wage controls immediately, when I think they're needed." That's what Congress probably will do now. Give the President stand-by power to freeze prices and wages.

He's Sitting Pretty

This appears to be politically pleasing to Congress, for it makes the actual invoking of such consumer controls a responsibility of the President—not Congress.

At the same time, all this seems to have worked out pretty well for Mr. Truman. For one thing, as he pointed out, wage and price controls are pretty controversial.

If he had asked for them, at the same time he asked for the others, the whole business might have been delayed in Congress because of the arguments bound to arise over wages and prices. And, as he noted, the controls he did ask for he wanted right away.

Littlestown

Littlestown—Mr. and Mrs. Ehlman Rebert and son, Larry, Caldwell, N. J., are spending some time visiting the former's parents, the Rev. and Mrs. Charles B. Rebert, West King street, and friends in the community.

Mrs. Claude Wintrobe, of Crouse Park, was hostess to the August Mite society meeting of St. Paul's Lutheran church on Tuesday evening. Mrs. Emma Norwood, president, was in charge of the program as well as the business. Miss Beulah Wintrobe read scripture followed by the Lord's Prayer in unison. The secretary's report was presented by Mrs. Paul H. Scheivert. The following readings were presented: "Paddy Your Own Cane," Mrs. Ellen Feeser; "Summer Sweetness," and "Touch of the Master's Hand," Miss Beulah Wintrobe; "A Sacrament for Today," Mrs. Emma Norwood, and "Each Man's World," Mrs. Maurice Wareheim. Vernon Study, Jr., a grandson of the hostess, gave two recitations entitled, "I Wish I Was a Little Rock" and "The Small Boy's Prayer." The next meeting will be held Tuesday, September 5, at the home of Mrs. Joseph Long, East King street.

Approximately 60 employees of the Strouse Baer company, Littlestown, and guests enjoyed an outing to Tolerchester last Saturday. They traveled from Littlestown to Baltimore by bus, where they boarded a boat for Tolerchester. They enjoyed the amuse-

ments in the park and swimming.

The Eagles won the Littlestown softball contest on Wednesday night from the Rockies by a forfeit. The Rockies failed to have a complete team. Tonight Harry's and Sonny's will oppose Central Tavern.

A party was held Tuesday evening at the home of Mr. and Mrs. A. C. Garland, East King street, in honor of the third birthday of their grandson, Larry Gene Stover, York. A birthday cake with three candles occupied the center of the table and refreshments were served. He was the recipient of a number of gifts. Those present in addition to the guest of honor were his parents, Mr. and Mrs. Robert S. Stover, and his sister, Marilyn, of York; his paternal grandparents, Mr. and Mrs. W. Robert Stover, South Queen street; and the host and hostess, his maternal grandparents, Mr. and Mrs. A. C. Garland, Marilyn Stover, who spent the past three weeks at the Garland home, returned to York on Wednesday morning with her parents and brother.

ARMY'S MAKEUP IS DESCRIBED FOR CIVILIANS

BY JAMES MARLOW

Washington, Aug. 3 (AP)—You'll be reading about the army for a long time—about divisions, battalions, regiments, platoons, companies and squads. But do you know how an army is made up?

It's like a pyramid standing on its nose: It starts small and spreads out as it moves up toward the top. At the peak of World War II the army had 8,000,000 men. Now it has only 596,000, a skeleton of its old self.

How Army Is Built

This is how the army is built: Squad—the smallest unit. Ten or 12 men. Commanded by a sergeant, assisted by a corporal.

Platoon—Four squads, with a total of about 48 men. Commanded by a first of second lieutenant.

Company—four platoons. Total of around 200 men. Commanded by a captain.

Battalion—four companies. Total of around 1,000 men. Commanded by a major or a lieutenant colonel. (Why does a company have 200 men but a battalion of four companies have about 1,000? Because the larger the outfit, the more extra men, or specialists, are needed to handle its problems.)

Regiment—three battalions. About 3,000 men. Commanded by a colonel.

All In The Army

Division — This is where the spread-out really begins. A division has around 18,000 men and is commanded by a major general, assisted by a brigadier general.

A division is made up of three regiments, plus a heavy tank battalion, a medical battalion, field artillery, and various companies of specialists, such as military police.

LACE ON VELVET—Inspired by Italian Renaissance, Paris milliner Albuoy drapes white lace over a Venetian black velvet tricorn, fastening scarf with a diamond clip.

telephone experts, and so on.

Army corps—made up of three divisions. Commanded by a lieutenant general.

An army—made up of three army corps. Commanded by a full general.

An army group—This can consist of any number of armies. Commanded by a general.

The army—This is the whole business, made up of all the armies. Its present commander is General J. Lawton Collins, chief of staff.

Had 89 Divisions

At the peak of World War II we had 89 divisions. Now we have 10. These 10 and their locations are:

Second Armored, Third Infantry, 11th Airborne, and 82nd Airborne, all in this country; Seventh Infantry, Japan; First Infantry, Germany; the 2nd, 24th and 25th Infantry Divisions and the First

Sports Roundup

By GAYLE TALBOT

New York, Aug. 3 (AP)—The last thing we saw, the New York Yankees were 3-2 favorites to win their second straight American league pennant and their third in the past four years.

The Detroit Tigers are quoted second choice at 2-1, the superb Cleveland Indians third at 13-5 and the

Cavalry Division (really an infantry division) now in Korea.

A platoon has a machine gun and a couple of bazookas, a company has mortars and recoilless rifles; and so on up to a division which has tanks and field guns.

This is just a part of what the well-equipped division should have: 7,474 small rifles (carbines), 6,913 rifles, 557 bazookas, 124 mortars, 900 machine guns.

Boston Red Sox fourth at 7-2. It's a fine cluster of short odds, reflecting both the fierceness of the race in the younger circuit and the great-heartedness of the bookmakers.

The first thought that might occur to the casual follower of the box scores is, "What are those Yankees doing up there again—haven't they had the miseries all season and haven't some of the best minds agreed that this is Detroit's year?"

Look At The Figures

The answer is—Well, yes. One of the champions' greatest stars, Tommy Henrich, has played but rarely because of a damaged knee, and Joe DiMaggio plainly has slipped badly. Joe Page, their fabled relief pitcher, hasn't been worth his found for a month. And Detroit has, indeed, put on a tremendous show under Red Rolfe's guidance.

But—well, look at the figures. During the month just past, Casey Stengel's has-beens won 19 games while losing eight. That put them exactly even with their won-lost standing of a year ago. During July they smashed 27 home runs while their own hill staff was yielding

only 16, a murderous advantage.

Big John Mize, who barely escaped a second and possibly final trip to the minors less than a month ago, suddenly began hitting like a madman in the clean-up spot.

Strain Is Telling

And while all this was happening to the Stengels it gradually became apparent in recent weeks that Detroit's fine pitching staff, which had been counted upon to propel the Tigers to the pennant, was beginning to feel the strain of overwork. Of course the two straight wins over the Yankees helped a lot.

Virgil Trucks has been out since May with a sore arm, and Rolfe has only seven sound pitchers. He has found it necessary to convert his best relief man, veteran Dizzy Trout, into a starter, and he has been forced to use his big four—Newhouser, Houtteman, Hutchinson and Gray—in relief a total of 21 times.

As for the Clevelanders, anyone who wishes to risk his roll on Lou Boudreau's boys would do well to grab the current odds, for they will get a lot shorter before they get

College Enrollments Are Urged By Prexy

Scranton, Pa., Aug. 3 (AP)—The president of Susquehanna university today urged parents to enroll their sons and daughters in college just as soon as they qualify despite unsettled world conditions.

"By so doing," explained Dr. G. Morris Smith, "your sons and daughters will be far more understanding of the duties of citizenship and much better able to discharge these obligations courageously, effectively longer."

The Red Sox? The temptation is strong, now and then, to give up on Steve O'Neill's gladiators. But a man was saying just the other day, don't.

The Susquehanna president said he spoke in answer to a number of inquiries coming to the college from anxious parents who are confused because of the present world condition.

LONG DISTANCE TELEPHONE RATES are lower than you may think

Numerous surveys have proved that most people guess wrong on long distance telephone rates. They always guess too high. Long distance telephone rates are surprisingly low at all times . . . and even lower on Sunday and after 6:00 P. M. on weekdays.

Include the priceless advantages of speed, and often the peace of mind a long distance telephone call can bring—and you will realize how very, very little this convenient service does cost.

PHYSICALS TO WEED OUT SOME P.A. GUARDSMEN

Indiantown Gap, Pa., Aug. 3 (AP)—The 28th Infantry Division faced the possibility today that some of its members might be weeded out in physical examinations before entering active field service.

The National Guardsmen, alerted on Tuesday for active service, will undergo examinations at their home stations around the state after breaking camp here next Monday.

Maj. Gen. Frank A. Weber, state adjutant general, said the physical examinations have first priority in mobilization plans which swing into action the moment official orders are received.

To Seek Recruits

Although some men may be lost for physical reasons, the Guard is banking heavily on its three weeks

at home to recruit new members and bring the division to full strength.

Even as the 28th Division was looking forward to its departure for Camp Atterbury, Ind., about September 1, orders were readied by Gov. James H. Duff to revive the Pennsylvania State Guard.

As in World War Two, the State Guard will serve as a homefront militia while the PNG is in active service. It will include mainly men beyond military age, probably 32 to 40. Gov. Duff has the power to draft men if necessary.

State Guard Coming

The actual orders for a State Guard are not expected to be issued before the 28th Division goes to Camp Atterbury. Detailed plans are to be completed within 10 days.

Gen. Weber said a State Guard force of 18,000 would include six regiments of 2,500 men each. Another 3,000 supporting troops would serve as doctors and in other special capacities.

The State Guard would undergo weekly training periods in the same manner as National Guard units. It was inactivated on June 27, 1947.

Night Club Hostess Turns Baby Sitter

Philadelphia, Aug. 3 (AP)—The young couple entered a Philadelphia night club with their three-year-old baby.

The little group drew curious stares from other patrons. Finally, hostess Bobby Drake stopped at the couple's table and asked if they were sure they had come to the right place.

"Well," said the young man, "it's our wedding anniversary and we couldn't get a baby sitter. But we wanted to celebrate for an hour or so anyway."

And then, while the hostess acted as "babysitter," they danced to the strains of the "anniversary waltz."

after five years of service in World War Two.

Gen. Clark Coming

The 28th Division will wind up its shortened summer training session here with traditional "Governor's Day" exercises Sunday. Gen. Mark V. Clark, chief of the Army Field Force, has accepted the invitation of Gov. James H. Duff to join him in reviewing the division.

Gen. Clark will arrive Saturday with members of his staff from headquarters at Fort Monroe, Va. He will be formally welcomed to Pennsylvania by Maj. Gen. Weber on behalf of Gov. Duff.

Duff and other top state officials yesterday went to Camp Perry, O., to review the 51st Anti-Aircraft Artillery Brigade, another PNG unit alerted for federal induction.

Maj. Gen. Daniel B. Strickler, commander of the 28th Division, has urged the troops to make no "hasty decision" in settling their civilian affairs during the three weeks they will be at home.

He said their position still will be that of a civilian standby until official orders fixing the date of induction are received.

The physical examinations, to be given during this time, will be conducted under army regulations by a board of three medical officers. They are designed to eliminate any men who would have to be discharged for physical reasons later.

Two semi-weekly drill periods will be held instead of one during the waiting period. Movement to Camp Atterbury will be direct from home armories.
